CORRESPONDENCE

INTO THE PEACE RIVER COUNTRY

Round Lake, Alta. Feb. 29, '15
Editor of Empress Express—

Dear sir,

For the benefit of my friends in Empress I will try and give all information that is available concerning this part of the Peace River district. On the 23rd of February at 7:30 a.m. I left Edmonton for McClelland Junction. The train consisted of a baggage car, two coaches and a special coach for officials. The two coaches were crowded to the doors, some not finding seating room. We passed through some fine mixed farming country till we hit Morinville, which was about the largest town that we saw on the way out. It is on the C.N.R. as well.

After leaving Morinville, we passed through some wooded country intermixed with considerable muskeg. About 3:30 p.m. we arrived at Smith, the first divisional point out, and also the first station on the line. From Smith on, the country appeared to be a little better in places, about sundown we arrived at Lesser Slave Lake and continued along its shores till darkness overtook us. Slave Lake is about 11 miles wide and about 80 miles long, with an abundance of whitefish, pike and pickerel in it. The next place of any importance was High Prairie. There is some nice prairie land around here. I should say about 50 per cent. of it is open country and as level as a table almost. Quite a small town has grown up here in the last few months, but none of them permanent looking structures. Mostly log buildings and some boarded up to the eve and covered with canvas. It mostly constitutes people that follow up the railroad companies. About thirty miles west of here is Round Lake or the end of steel for present.

About thirty-five mile west of here is the big Smoky River. Partly graded, this is their main line, which will be continued westward through the Spirit River settlement and Peace Coulee settlement, the company intend pushing this road through as fast as possible for to give a market to the settlers that are in these districts. At Round Lake or McClelland Junction there is a branch line running north to Peace River Crossing. The steel is laid on this branch for about twenty mile, and that is as far as it will be finished for some time, probably two years. Round Lake some lively bug, believe me, everything wide open almost. There is a Round House almost completed at present, but no station yet. There are a bunch of rounders here that make it a practice to follow railroad construction and gather in the poor working man's stake.

I believe this is going to be a pretty good town for a while till they bridge the Smoky River. The settlers will have to come for miles around to get what they want. Mostly all of the settlers effects will be in round here. There are a few buildings springing up some permanent ones at that, and I look for it being pretty busy here when spring opens up. I am confident there will be a great rush of homesteaders in round here. There are a few buildings springing up some permanent ones at that, and I look for it being pretty busy here when spring opens up. There are a few buildings springing up some permanent ones at that, and I look for it being pretty busy here when spring opens up. I am confident there will be a great rush of homesteaders in round here.

From information I have gathered, settlers should come in March and April as the road is laid over considerable muskeg, and when the road goes out will be bad for traffic. The fare up here from Edmonton is \$10.50 and 4 cents per mile, for a carload of settlers effects it is \$105.00. Peace River Crossing is quiet and will be till the steel gets in there and nobody knows when that will be. Lots are selling from \$200 to \$1,000 here in Round Lake.

An Open Letter To The Farmer

(FROM THE EMPRESS BOARD OF TRADE)

The attention of the farmers is directed to the new C.P.R. time table as it effects Empress. As announced last week in the Express, the stop over at Empress of the Wednesday train from Bassano, has been extended to TWO HOURS and FIFTEEN MINUTES.

This is to afford greater convenience to any person desiring to trade in Empress, from the west. Several petitions were made by the Empress Board of Trade to the railway authorities, before the concession was finally made to extend the time of stop-over. The objection was, that there was not track enough to justify any alteration of the time table.

The Empress Board of Trade are anxious to work in co-operation with the farmers and trust that at this time they will see the ultimate end to be gained by taking advantage of doing their trading. If there could be about an increase of traffic by this change, the contention made by the Board of Trade, of the need, will be maintained, and further concessions still likely to be granted. But this consideration will only be given in the event of a substantial addition of traffic. If, on the other hand, there be no notable increase, then, rather than any further assistance being given us by the railway, the tendency will be to put us back to the previous table.

thered, settlers should come in March and April as the road is laid over considerable muskeg, and when the road goes out will be bad for traffic. The fare up here from Edmonton is \$10.50 and 4 cents per mile, for a carload of settlers effects it is \$105.00. Peace River Crossing is quiet and will be till the steel gets in there and nobody knows when that will be. Lots are selling from \$200 to \$1,000 here in Round Lake.

Yours truly,

E. W. Allen

St. Patrick's Day Concert and Dance

The St. Patrick's Day Concert and Dance which takes place in the Grand Theatre on Wednesday, March 17, starting at 8 p.m. bids fair to provide one of the most interesting entertainments that has been staged in Empress. As will be seen by a brief survey of the program which is published on this page the entertainment is different to any which has been attempted in Empress before, and if you enjoy a good well varied entertainment you should not fail to be present.

"That Rascal Pat" is the title of a comedy sketch which is being put on by our old friend Corporal Corby and a company of four. Some good hearty laughs are always assured when the Corporal is the entertainer.

"Moonlight Frolics" which is under the direction of Mr. Wm. Graves is something distinctly new to what one is used to seeing in local entertainments. The sketch proves a most interesting feature—it is a combined descriptive song and dance in costume in which fourteen people are taking part. Electrical effects will play a considerable part in this portion of the entertainment.

Mr. Mr. Graves and Mr. Corby have been working very hard on their parts of the program, and the two features to be put on by these gentlemen should provide an entertainment in themselves.

Other numbers will be: Instrumental—"Irish Airs," Messrs. C. E. Sexton and A. E. Franklin. Song, "Kilbarney, Kilbarney," Master P. Hepburn. Moving picture, "Irish Drama." Vocal duet, "Mrs. Kiehl and Rev. J. M. Waggett. Illustrated song, G. L. Brown. Grand Tipperary Drill, accompanied by a chorus of 14 voices, song by Rev. J. M. Waggett. This is not all, there are other numbers being arranged for. Musical accompanists are Messrs. C. E. Sexton and A. E. Franklin. The Concert will be opened by a few remarks from the Chairman, F. H. Pearce.

The entertainment is being held under the auspices of the Empress Board of Trade, the committee being Messrs. D. A. McDonald, G. L. Brown and M. A. Blodgett. A dance will be held after the concert.

An Appeal

The men of Great Britain with their Allies are fighting not only for their own existence and to restore Belgium, but against the domination of militarism throughout the world.

From the English, Scotch and Irish, many millions of our countrymen are descended. We speak the same language; our traditions, standards and ideals are the same.

In behalf of the soldiers and sailors at the front and in the hospitals, the British American War Relief Fund issues this appeal to those who in this struggle, sympathize with Great Britain.

It asks for warm clothing, comforts and necessities. The articles required are: mullers, wristlets, socks (size 10 or 11), woolen gloves (size 9 and 10), abdominal belts, woolen leggings, colored handkerchiefs, woolen undershirts, cardigan jackets, sweaters, and tobacco; and if possible, old linen, bandages, antiseptic gauze and antiseptics.

The society has been in existence only since October 20, (continued on back page)

Leaders From Leland

March 8th

Mrs. T. E. Ridd left on Wednesday's train for High River, Alta.

Miss Olive Sarvis spent the week-end with friends and relatives here.

Dave Mack and A. L. Insley received a car of hay at Bindloss last week.

Mr. Stanley Ferguson arrived at Bindloss last Wednesday from Claresholm.

Geo. A. Robson was out from Empress for the U.F.A. meeting Wednesday night.

Wm. Cowan, with his sister, Mrs. Van der Wort, arrived last week from Saskatchewan.

Mr. Geo. Buckingham arrived Wednesday from Claresholm, where he has been spending the winter with his family. George will be found at work again at the forge.

The U.F.A. sociable at Wednesday's was well attended. Wednesday night, and the program was enjoyed by all. The question, "Resolved, that a crumky tidy wife is better (than a slovenly good-natured one)," was discussed from all points of the compass, but, happily for the debaters and judges who are married, it was decided a draw. Thus, it leaves the single men still at sea. A delicious lunch was furnished by the ladies.

T. C. Sherman was unfortunate in losing one of his horses last week.

A number of young people attended the dance at the Social Plains schoolhouse Friday night.

Mr. and Mrs. Jones Stafford returned to Bindloss from Stavelo, on last week's train.

Mr. Frank Brocken returned to our midst last week from Mckin, Sask., where he has been spending the winter.

Miss Mona Insley returned to "Alta Vista," Monday, after a few months' absence, during which she has been attending school at Regina.

Herb Brooks has just purchased from Alex. Hays, of Empress, three stocks of the bovine species, with which to do his farm work next season.

We were sorry to learn that Stanley Staples is in a hospital at Calgary, suffering from injuries received from being kicked by a horse, and we hope for his speedy recovery.

Josephine, where art thou? Several have inquired as to your whereabouts, but you will have to speak for yourself. As for Leland, well, you couldn't put your finger on a spot and say "That is Leland," for it represents a community. However, if you were present on a Sunday you might think you had discovered it, as all trails seem to come to a focus at the Sunday School on 33-21-2. Anyway, we're there, and it's a jolly place you'll find us.

The Fat and Lean Hockey Match

The last hockey battle of the season between the Fat and Lean teams, was played on Friday last, March 5. The match was not as hotly contested as expected, and the fats trimmed their opponents to the tune of 4 goals to nil.

The game was for an oyster supper; the losers to stand the winners' treat. This was sure some incentive to the fat ones.

"Enough said," they remarked, "We're playing for an Oyster Supper."

From the start of the game the fat men had the measure of their sliver-like opponents. Perhaps it was the acute financial depression or the lamenting of having to pay for the supper; certain the slivers were over their game. The fat men deserve to be congratulated on their win which must have been a welcome change to them.

However, the fats did not seem to have much on their leaner brethren at the supper table next evening. Both teams did full justice to an excellent repast which was partaken at the Empress Hotel.

Treas pro tem, Village of Empress.

The debate at Tuesday night's Fraternal Meeting provided pleasant entertainment. The subject, "Resolved that the Bill to Prohibit the Sale of Liquor in Alberta will be to the Benefit of the Province," is a serious and interesting one at the present time. Although seriously taken up by both sides the debaters confined their remarks more to the general questions

of temperance and the total prohibition of liquor. Not much light was shed on the proposed act. Messrs. H. L. Gwyer, D. McEachern and H. H. Hall upheld the affirmative. Messrs. G. Johnson, B. Hamilton and K. Henderson were for the negative. Judges, Mr. E. Higgins, N. D. Storey, Geo. Robson. The decisions of the judges and the audience (by vote) was given in favor of the affirmative side.

I am Saving Money in Other Ways

Do you insure your home against fire?

Why do you not save your fire insurance premiums?

This is the reason. Because one building in twelve hundred and sixteen burns down and you are afraid that yours may be that one. But for every life there is a death. And don't forget this: If your house burns you can still make money and build another, but if you die nothing can ever replace your money making ability, except LIFE INSURANCE. Fire insurance, therefore, is a matter of choice; Life Insurance of necessity. Talk this matter over with me,
